

Cambridge Basketball Philosophy

The goals of Cambridge Basketball are:

- To **promote** the game of basketball.
- To **teach** the game from basic levels of play to advanced levels.
- To **develop** the skills necessary to play at one's optimum.
- To **model** and **encourage** proper behaviour on and off the court.
- To coach with **integrity** keeping the players' dignity, health, safety and respect in mind at all times.
- To **keep winning in perspective**, focusing on effort and execution rather than the outcome.
- To make the game **fun** for the players.

“Be the kind of coach that you would want you sons and daughters to play for”
